

Creating a Recovery Community Making a Positive Connection

In collaboration with Hegira Health, this forum is about Drug/Alcohol use prevention and mental health support. We will be discussing ways that community members and professionals create support communities and how those communities contribute to lifetime health success.

[Hegira Health, Inc. \(HHI\)](#), is a recognized leader of community-based behavioral healthcare in the western and downriver regions of Wayne County, MI since 1971. Dedicated to achieving wellness first, through a commitment to excellence in service that embraces all people and does so with integrity and resolve.
