Re: Individualized Plan of Service (IPOS) Network Wide Training

DWUHN will be hosting two IPOS trainings for the provider network. This training will be focused on the entire Person-Centered Planning (PCP) process and will address every section of the DWUHN standardized IPOS. All staff that participate in the PCP process are strongly encouraged to attend.

Listed below are two options to attend the IPOS training. The same content will be covered on both dates so staff are only required to attend one of the two trainings. Please encourage staff to attend the training date that best fits their schedule. The ZOOM link along with the dates and times are listed below:
