Re: IPOS/Addendum (copy) Dates

---

The Detroit Wayne Integrated Health Network (DWIHN) was recently apprised of an issue with the IPOS Addendum 'copy given' dates. It was reported that when providers update the 'copy given date' for an addendum, it also changed the IPOS 'copy given' date to the same date as the new addendum. It was also reported that if a provider goes back and adjusts the original IPOS 'copy given' date it then resulted in the IPOS Addendum date being removed.

DWIHN recognizes that although an IPOS and IPOS Addendum are related, they are still two separate documents that should have independent 'copy given' dates. As a result, DWIHN has worked with PCE to correct this error. Providers should now be able to add an IPOS Addendum 'copy given' date without it affecting the original IPOS 'copy given' date.

Thank you for your patience in this matter.

Sincerely,

*Melissa Moody*
