Re: FY 2022 MDHHS Code Chart and Provider Qualifications Changes

As you may know, the Michigan Department of Health and Human Services Department (MDHHS) will be changing the reporting requirements for service codes and modifiers. MDHHS will begin provider group modifiers on all encounters for non-team-based services beginning in SFY 2022 with the exceptions of the following services: Select Support Services and ACT programs. Please see attached Excel sheet.

All changes are expected to be completed for the effective date of service of 10/1/21.

We understand this is short notice so we are scheduling several Q & A sessions as well as trainings to provide guidance and understanding on the code/modifier changes. Please see below schedule.
