Re: Payout - \$2.00/hr. DCW COVID-19 Premium Pay (final sweep October – December 2020); and (January and February 2021)

The Detroit Wayne Integrated Health Network (DWIHN) will be issuing the \$2.00/hr. direct care wage increase payment on **Tuesday April 20, 2021**. The payment will post to your respective bank accounts and includes the \$2.24 adjustment for all claims submitted in MHWIN through April 2, 2021 for the three-month period October 1 through December 31, 2020 **and** the **two-month period January 1 through February 28, 2021**. This payment constitutes the final sweep for claims incurred for the three-month period October 1 through December 31, 2020. If not already paid, providers are expected to remit the premium pay to employees by Friday, April 30, 2021.

Please make sure the premium pay is identifiable and separate from their normal pay. If an employee is no longer employed with a provider, it is expected that the premium pay will be sent to the employee in the same manner as when the employee was employed with the provider. DWIHN will make the necessary adjustments to all claims for the increase; we only need providers to submit their normal claims activity in MHWIN. Please note that **no** further action is required of providers as it pertains to claim adjustments.

DWIHN will perform a final “sweep” of claims for the January and February 2021 in mid-June 2021 for any claims not received by April 2, 2021 and providers will receive the DCW adjustment at that time.

Thank you again for your patience.
