From: Melissa Moody, VP of Clinical Operations- DWIHN
Re: Required Service and Documentation Requirements-
-MI Health Link and Home and Community Based Waiver Services-

This communication is being sent to clarify the requirements surrounding signing of clinical documents and in-person visits. As outlined in the attached MDHHS Bulletin MMP 23-23, several documentation requirements were re-instituted at the end of the COVID-19 Federal Public Health Emergency (PHE) on May 11, 2023. When the flexibility was terminated, the related requirements as described in the 1915c waiver application has been restored.

Since the Federal Emergency ended, the following is required:

- Written signatures on all person-centered plans
- Assessments and person-centered service planning meetings held in person
- Care management and monitoring to be provided in the home setting
- Implementation of all Home and Community Based Services (HCBS) settings requirements

Sincerely,

Melissa Moody MS, LLP, MBA
