Re: Autism Safety Training Survey Request for Participation
Date: December 3, 2024

The Detroit Wayne Integrated Health Network's (DWIHN) Autism Department is conducting a survey to assess formal and informal safety training among DWIHN's ABA Providers. Participation in this survey is critical to determine current practices and provide insights for areas of improvement.

The survey has been designed for ABA administration and behavior technician staff. Only one individual at the administrative level should submit the [ABA Provider Behavior Safety Survey](#) per organization. To ensure the correct sample size for Wayne County population at least 10 individuals working as behavior technicians should submit the [Behavior Technician Safety Survey](#) per organization.

All survey responses must be submitted by **December 20, 2024**.
