HOW DOES ONE SAY GOOD-BYE? A TRIBUTE TO ERIC DOEH

It seems like a trite question to ask. How does one say good-bye to someone they don't want to see leave? Songs of love and romance have committed lyrics to such sentiment. Great orators have spouted farewell quotes that are memorable and touch the heart. Eulogies and apologies are adages of the other predictable ways to say farewell. But this is much more complicated than that. We can erase the illusion that there are any romantic intentions here, and by far none of us claim to be great orators, nor in such command of the English language to be able to adequately express our appreciation. Nevertheless, we must do something to acknowledge Mr. Eric Doeh, the former President and CEO of DWIHN.

So, while we rather not say good-bye, adieu, ciao, or best wishes, we prefer the words of appreciation and just want to say, thank you! Thank you, Mr. Doeh for listening to us, and not with a façade of a nodding head, but by engaging us in authentic conversation, asking us questions, letting us ask you questions and communicating with us with the

upmost respect. Thank you, Mr. Doeh, for presenting your ideas to us before you made your decisions, considering our opinions and diving deep beyond the culture which makes us feel invisible, unseen, and insignificant. Thank you, Mr. Doeh, for taking time to celebrate us, sharing in our events, our Dreams Come True awards, our holiday festivities, sharing in our joyous occasions and making your presence known when we have incurred tragedies, and losses. Thank you, Mr. Doeh for your inspirational leadership, supporting the staff that supports us, guiding firmly but with openness and consideration. You have been one of those points of light, an uplifting figure that has energized our ability to feel free and creative. You are a motivator, who has help enlightened us within our role in the system, more than as consumers (a word which some may deem as having a negative connotation). You see us as people, knowing us by name and character, encouraging our own aspirations. Thank you for all you have done for us. Collective thoughts of the CV.

The Constituents' Voice (CV) Advisory Committee is comprised of primary and secondary members of the DWIHN system of care and engages in dialogue and recommendations toward policies, objectives, programming and other administrative endeavors of the President & CEO of DWIHN. Mr. Manny Singla, has been appointed the Interim President and CEO of DWIHN, by the DWIHN Board of Directors, pending an Executive Search. Mr. Doeh left on amicable terms with the organization in July 2024 after a three-year tenure as President & CEO of DWIHN. The CV is also recruiting interested members for potential appointment to the advisory committee for 2 and 4 years terms, for more information about the CV contact Myneisha Calhoun at mcalhoun@dwihn.org.

DEMARIA HOSTED A GOLF OUTING FUNDRAISER! MYNEISHA CALHOUN, STAFF

The Construction Company, DeMaria, hosted a golf outing fundraiser on June 20, 2024 at the Tanglewood Golf Club. The event raised money to support their philanthropic endeavors. There was a 50/50 raffle and an array of other fundraising activities. DeMaria renovates buildings for a variety of industries, corporations and organizations. One of those being DWIHN, which has been a beneficiary of several of their generous monetary donations. Funds donated help support the DWIHN advisory council, the Constituent's Voice, host a variety of events, such as the Dreams Come True Luncheons, which acknowledges and celebrates the accomplishments of members we serve, as well as our upcoming Men's Conference, which will address the needs and concerns of men in our community. Thank you DeMaria for your generosity. It was an honor and a pleasure to be apart such an amazing event.

DISABILITY PRIDE MONTH BY TRAVIS CHAPMAN

Friday, July 26, marked the 34th anniversary of the Americans with Disabilities Act (ADA), a landmark civil rights law that prohibits discrimination against people with disabilities in public life. Disability Pride Month was established to celebrate the ADA and the unique strengths and achievements of people with disabilities. It emphasizes that disabilities are a natural part of human diversity, and the experiences of those with disabilities enrich our society.

The month also highlights the intersectionality of disability with other identities, reminding us that individuals may face discrimination based on their disability, race, gender, sexual orientation, or other factors.

To honor the ADA anniversary and Disability Pride Month, the Michigan Developmental Disabilities Council (MiDDC) and the Self-Advocates of Michigan (SAM) hosted the Breaking Barriers Community Celebration. This event celebrated the contributions of people with disabilities, promoted inclusivity, and fostered greater public understanding.

Activities included a disability pride-themed poetry slam, a community art project, assistive technology demonstrations, and speeches from self-advocates and community partners. The event also featured the Breaking Barriers Art Exhibit, showcasing the talent of over 45 artists with developmental disabilities. The artwork is still available online: [Breaking Barriers Art Exhibit \(michigan.gov\)](https://www.michigan.gov/breakingbarriersartexhibit).

We extend our gratitude to Lansing Shuffle for hosting the event and to all the participating artists and poets. Follow MiDDC on [Facebook](#) and [Instagram](#) for updates on the 2025 Breaking Barriers Community Celebration. Stay tuned!

FIVE CONCEPTS OF WRAP: WELLNESS RECOVERY ACTION PLAN

BY DELORA WILLIAMS, STAFF

Are you in search of a unique tool that not only helps you stay well but also equips you to handle any crisis? Look no further; the Wellness Recovery Action Plan (WRAP) is the tool you will need.

WRAP is the prevention and wellness process that empowers anyone to get well, stay well, and make their life more the way they want it to be through a series of actions.

The five concepts of WRAP are **Hope, Personal Responsibility, Education, Self-advocacy, and Support**.

Hope - We all are going to face challenges in life. Hope allows us to move forward even when we are experiencing difficult times or distressful situations before things get better.

Personal Responsibility - It's up to you to act and do what needs to be done to keep yourself well. Also, you are responsible for asking others for help when you need it.

Education - Learning whatever you can about yourself helps you make good decisions about all aspects of life. It gives you the power to respond to life's challenges instead of just reacting to events. It lets you consider all the options and decide which ones are right for you.

Self-Advocacy - This means working to get what you need with courage, persistence, and determination. When you self-advocate, you express your needs and make requests respectfully, clearly, and calmly. The world doesn't owe you anything, so it is up to you to decide how to express your needs to others.

Support - Comes from family, friends, community, and service providers. People feel better when they have someone to listen to them and support with their decisions.

If you are interested in creating a WRAP plan. Please contact me, DeLora Williams at (313) 989-9431 ext. 9431; by email at dwiliams@dwihhn.org, or your Peer Support Specialist, or Peer Recovery Coach. We will support you through this whole process.

CONSTITUENTS' VOICE AND IT'S ACTION COMMITTEES BY ROBERT SPRUCE, STAFF

The Constituent's Voice (CV), the advisory board of members we serve to the President and CEO of the Detroit Wayne Integrated Health Network (DWIHN) has been dedicated to advocating for policy change and providing voter education for the DWIHN community since its establishment in 2014. The main objective is to encourage fellow constituents to engage in voter education and civic responsibility, generating interest in the legislative and election processes. We have organized two-hour interactive non-partisan voter education rallies, offering information on voting procedures, voter registration, poll work sign-up, tools for researching candidates and ballot issues, and participation in interviews on voting, presented at our clubhouses, day programs, and annual Walk A Mile event.

This year, the Advocacy Action Committee found it important to host a 2024 candidate forum, an event where our community could directly interact with the candidates. DWIHN, The ARC, and the Disability Network collaborated to organize this forum. The Department of Elections provided valuable information on receiving absentee ballots, early voting, and voting equipment. All Republican and Democrat candidates who appeared on the August primary or Wayne County ballot were invited to the forum, including candidates from federal, state, local, and judicial races.

At the candidate forum, community members had a unique opportunity to listen to the candidates' views and question them directly, fostering a deeper understanding of their policies and positions. The questions varied from housing to receiving CMH services. The members also heard from Shanta Abe Favors, the new Miss Wheelchair, who shared her story and used it to promote voting and advocacy. Essentially, the day was filled with education, candidate information, and inspiration.

As we approach the crucial date of November 5, 2024, I urge you to remember the importance of your vote. Early voting, starting on October 26, 2024, and continuing until November 3, 2024, is a convenient and responsible way to ensure your voice is heard. Let's all take this opportunity to make a difference in our community.

NEW STATE COMMITTEE FORMED FOR LEADERSHIP DEVELOPMENT FOR PERSONS WITH DISABILITIES

HEALTHY/MENTALHEALTH/DEVELOPMENTALDISABILITY/ABOUT-THE-COUNCIL/ABOUT-THE-COUNCIL

Leaders for Inclusion Funded by Developmental Disabilities Council:

The United States Congress created individual State Councils on Developmental Disabilities, (one for each state and territory) with the goal of changing services systems to better respond to the needs, wants and desires of people with Intellectual and Developmental Disabilities (I/DD), and developing advocacy strategies to make change happen. Councils are federally funded, self-governing organizations, charged with identifying the most pressing needs of people with developmental disabilities.

The Michigan Developmental Disabilities Council (MiDDC), (DD Council) is a group of 21 Michigan citizens. Members are appointed to the Council by the governor. They come from across the state, and consist of people with disabilities, family members of people with disabilities, and professionals from state and local agencies that provide support and services to people with developmental disabilities. This diversity enables the Council to better analyze and improve systems and services within the state and ensure that the voices of people with developmental disabilities and their families are heard.

Mission:

The Michigan Developmental Disabilities Council's mission is to support people with developmental disabilities to achieve life dreams.

The Grants Program supports the mission and core values of the Council. The U.S Congress provides grant and operating funds to councils in every state and sets the requirements for how those funds can be used. MiDDC develops a five-year strategic plan with input from self-advocates, family members, partners, committees and the public to determine how to use the grant funding. Grants are awarded on a competitive basis. Developmental Disability Council grants have funded a variety of amazing projects and studies. Council grants build coalitions, influence public attitudes, cut across cultural barriers, and encourages people to direct their own lives, work and contribute to their communities.

INTERVIEW WITH CERTIFIED PEER SUPPORT SPECIAL WAYNE WHITE: MICHAEL SHAW, STAFF

Question: Tell us a little bit about yourself, how did your lived experience get you involved in becoming a Certified Peer in Wayne County?

Response: I come from foster care. I grew up on a farm. In my teens, I returned to a dysfunctional family in Detroit where substance abuse and drinking were occurring. I was 16-17 years old. I had no friends. I found confidence using alcohol. I thought I had found my voice. I hung out with the wrong crowd and ended up in the penitentiary. After prison, I obtained a job at Wayne State University. I worked there for 7 years. I bought a house and car. I was subsequently laid off in 2006-2007. I experienced depression. I was drinking every day. A neighbor told me about Peer Support Specialist work. I went to one of the local providers and received help. I received my diagnosis and was hired. Since then, all I've wanted to do is help others. I've helped a lot of people who were going through the same things I was experiencing. I discovered that talking about my past trauma could help others who have not yet discovered their voice. God put this position in my lap.

Question: Tell us where you work and what you do at your job site?

Response: I have two positions. I'm currently the Hospital Liaison for Central City, Stonecrest, and Keyeswood. I work with people who have been admitted to the hospital and are being discharged. I help them connect the dots and find out what their barriers are. I address recidivism and the social terms of health. I'm a Peer Support Specialist, and an Outreach Community Health Worker. I provide hope. I'm also a Certified Recovery Coach at Team Wellness. I work in the Jail Diversion Program. I hold substance abuse disorder groups Mondays, Wednesdays, Fridays, Saturdays, and Sundays.

Question: What are the things that you find are challenging for you by holding this position?

Response: Not having enough staff. There's not enough therapists and Peer Support Specialists. We suffer from that. We need more people so we can help more people and provide hope.

Question: What are the things that you find inspire you about your role as a Certified Peer?

Response: I get excited when I see the members get excited. I get excited when I hear a

member says that their medication is working. I get excited when a member says they need help with their goals. When I inspire someone, I get inspired. I want to see members get excited by the possibility of tomorrow and know that people are counting on them. When I help somebody, I help myself. I'm personally recovering from behavioral health problems and substance abuse. It's a "win-win" for me.

Question: What do you do for self-care to maintain your overall wellbeing and ability to serve?

Response: I'll take a day off; watch a cowboy movie. I'll sit in front of the fireplace and relax. I'll call my grandson or daughter and talk. I give back to the community. I'm starting a podcast.

I will do what I need to do. Showing it helps me to stay in touch with people for my next best.

Use Medications Wisely

About 30% to 50% of those who use medicines do not use them as directed. This causes more doctor visits, hospital stays, lost wages, and changed prescriptions. All this costs Americans more than \$100 billion each year.

Adults often take care of medicines for the whole family as well as themselves. So, we need to read the label, avoid problems, ask questions, and keep a record.

1. READ THE LABEL

Before you take any medicine, read the label. The label should show:

List of ingredients - If you know you are allergic to anything in the medicine, don't use it. Ask your doctor or pharmacist for a different medicine.

Warnings - Read these carefully. The expiration date - Do not use a medicine after the date on the bottle. It may not work as well.

For more information on your medicines ask your pharmacist.

2. AVOID PROBLEMS

Medicines can cause problems or side effects such as sleepiness, vomiting, bleeding, headaches, or rashes. Ask about the side effects of the medicines you are taking.

Talk with your doctor, pharmacist, or nurse.

Organize your medicines.

Do not skip taking your medicines.

Do not share medicines.

Do not take medicine in the dark.

3. ASK QUESTIONS

- What is the medicine's name?
- Is there a generic available?
- Why am I taking this medicine?
- Should I take this on an empty stomach or with food?
- Is it safe to drink alcohol with it?
- If I forget to take it, what should I do?
- How much should I take?
- How long am I to take it?
- What problems should I watch for?

If you are pregnant or nursing a baby, seek the advice of a health professional before taking any medication or diet supplement. Talk with your doctor, pharmacist, or nurse. She/he will be happy to help you.

KEEP A RECORD OF THE MEDICINES YOU USE.

A HOMELESS FEELING By Dona F Tatum

There was a flash,
A blast,
A clap of thunder,
A great wind
A spin
Swirling me under,
And there I was falling, screaming, calling out for help,
A small yelp into the universe.
I was alone
No phone,
No home,
Nothing to call my own,
Just falling and calling out for help.
Surely there must be a bottom.
What if I should hit the bottom, and nobody could hear my
cry
I'll perish, I'll die.
Please God don't let me die at the bottom of nonexistence.
I must climb up and let someone (know) I was here.

Did You Know?

Effective September 2021, the state began offering another local dispute resolution option for individuals receiving Behavioral Health Services. It is called Mediation. This is a way to provide another avenue for members as well as our provider network to come to a resolution in areas where there may be a disagreement or conflict.

Mediation does not take the place of DWIHN's ability to address a member's Appeal, Grievance or Recipient Rights complaint. It is important to note that only the member or their legal guardian can request mediation services. If you are interested in learning more contact:

The Mediation Helpline at 1-844-3-MEDIATE (1-844-363-3428)

Estimated Cost of Services (ECS): Members have the right to know the Estimated Cost of Services (ECS) for the services identified in your Individual Plan of Service, (IPOS), also known as your Person-Centered Plan (PCP). Members should receive this information along with a copy of your IPOS within 15 business days of your IPOS Meeting. Members also have the right to receive an Explanation of Benefits (EOB). Your EOB will identify the following: Summary of Services provided over a specific date, the Name of Provider who provided the services, and the total number of each service provided. Remember that the EOB is not a bill, it explains what was covered by your insurance. ***If you do not receive the above information, you may request it at any time. Also, you may contact the DWIHN Customer Service Department at 1-888-490-9698 to assist you in this regard. ***

Claims Status: Members have the right to track the status of their claims in the claims process and obtain the following information over the telephone in one attempt or contact. For additional information you may contact the DWIHN Customer Service Department at 1-888-490-9698.

MEMBER INFORMATION:

AS A DWIHN MEMBER YOU ARE ABLE TO REQUEST HARD COPIES OF MEMBER INFORMATION LIKE THE MEMBER HANDBOOK, PROVIDER DIRECTORY, FORMS, AND OTHER MATERIALS AT NO COST TO YOU. MATERIALS WILL BE SENT WITHIN 5 BUSINESS DAYS OF REQUEST. YOU CAN GET THIS INFORMATION BY CONTACTING THE DWIHN CUSTOMER SERVICE DEPT USING OUR TOLL FREE NUMBER – 888-490-9698 or BY VISITING OUR WEBSITE AT WWW.DWIHN.ORG

DWIHN makes every effort to ensure the accuracy of the Provider Directory upon printing, however, periodically entries are updated and or changed. For the most current version, please visit our website at <https://www.dwihm.org/find-a-provider>, where you can also review information in multiple languages.

All new enrollees in the DWIHN system of care should receive the most current hard copy of the DWIHN Provider Directory at the time of enrollment, upon intake and on an annual basis, you are also able to make this request at any time. To request a copy of a DWIHN Provider Directory please contact the DWIHN Customer Service Department at 888.490.9698 or TTY: 800.630.1044 between 8 am and 4:30 pm Monday through Friday or you may request one through your direct Service Provider. The mailed copy will be provided at no cost to you.
