

School Success Initiative

Program Overview

What Do We Do?

- Utilize **evidence-based practices** to deliver **prevention-based** services
- Designed to be delivered to **children** in the **school setting (K-12)** during school hours
- Provides **parent education and engagement** groups
- **Professional development** and **psycho-education** for teachers and school administrators
- **Integrative health care** and coordinate **full-spectrum health** and **mental health** needs

TIER Process

Children are **screened** by a **licensed clinician** using the **Strengths and Difficulties Questionnaire (SDQ)**

- Based on the **SDQ score** child/youth is designated to Tier 1, Tier 2, or Tier 3

TIER 1: Monitoring, Care as usual, Provide resources, Educational presentations

TIER 2: Prevention programming based on child's need

TIER 3: Referral to specialized providers within Detroit Wayne Integrated Health Network (*DWIHN*)

Referral Process

- **Step 1:** Child is **identified** and **referred** for screening
- **Step 2:** Eligibility screening via **SDQ** is conducted and determines **intervention measures**
- **Step 3:** Children who score within **TIER 1** can receive **monitoring and care as usual**
- **Step 4:** Children who score within **TIER 2** can receive **prevention-based programming and resources**

- **Step 5:** Children who score within **TIER 3** can receive a referral to a **community mental health (CMH) provider**

Once Enrolled

- Services are delivered **virtually and face-to-face** with students
- Sessions are generally once per week (**20 to 45 minutes**) during school hours

Parental/legal guardian consent is required
