DWIHN HAS RESOURCES
FOR IT ALL

WHO WE ARE/ WHAT WE DO

The Detroit Wayne Integrated Health Network is compassionate and committed to the 123,000 children and adults it serves in Detroit and Wayne County. We understand the immense responsibility we have been given and we go above and beyond in supporting the people we serve and the hundreds of Providers in our System of Care. Our Provider Network supports and serves individuals with serious mental illness, children with serious emotional disturbance, people with autism, individuals with intellectual and developmental disabilities and those with substance use disorder.

WHO WE ARE/WHAT WE DO

Autism Benefits

Autism Spectrum Disorder (ASD) is a developmental disability and to receive Applied Behavior Analysis (ABA) services in Wayne County, the person must be screened by a primary care physician or the DWIHN Access Center.

ABA is an intensive, behaviorally-based treatment that uses various techniques to bring about meaningful and positive changes in the communication, social interaction, and repetitive/restrictive behaviors that are typical of ASD. We work with ASD Providers and offer services to people up to 21 years of age.

Children's Initiatives

DWIHN offers a variety of intensive, short-term individual, family and group counseling services to youth, parents, and families. Educational, support and skill development groups include:

- Adjustment/Disorders
- Anger/Management
- Conflict/Resolution
- Crisis Support
- Grief & Loss
- Infant Mental Health
- LGBTQ
- Parent- Relational Problems
- School/Truancy

School-Based Programs

DWIHN works cooperatively with local schools and counseling centers to provide greater access to mental health services to adolescents in schools throughout Wayne County.

WHO WE ARE/WHAT WE DO

Intellectual & Developmental Disabilities

Intellectual and Developmental Disabilities (I/DD) are a group of conditions due to an impairment in physical, learning, language, or behavior areas that start in childhood.

Services include:

- Advocacy
- Assistive Technology
- Benefits Planning
- Guardianship/Alternative
- Healthy Living
- Housing
- Independent Facilitation
- Peer Mentorship
- Person-Centered Planning
- Post-Secondary Education
- Recreation/Community Participation
- Residential Support
- Self-Determination
- Supported Employment
- Transportation

Clinical Practice Improvement

Mental Health First Aid (MHFA), Suicide Prevention Training and Veterans Services

DWIHN offers FREE courses to increase mental health awareness, reduce stigma and potentially save lives.

MHFA teaches people methods of helping someone who is in the early stages of a mental health challenge or crisis.

Question, Persuade, Refer (QPR) Suicide Prevention training is a clinically proven approach to recognizing signs of suicide and responding effectively.

Our **Veteran Services** program supports all veterans regardless of discharge status, those who do not meet service eligibility, who are not eligible for Veterans Administration (VA) services and who do not want traditional support paths.

WHO WE ARE/WHAT WE DO

Access and Crisis Service

DWIHN manages the Access Call Center, a 24/7 Helpline for anyone needing assistance, information, and resources for their mental health, disability, or substance use needs. The Call Center is managed by trained staff with decades of behavioral health and disability-related concerns.

**Hours for non-emergency calls are from
8am-8pm Monday through Friday.
After 8pm and on weekends**

Services provided:

- Warm transfer to the crisis line
- Dispatch of Children's Crisis Teams from Emergency Departments
- Hospital discharge follow-up appointments
- A mental health clinician for SUD screening only
- Call Center staff will complete a brief screening with the person and if needed, a Clinician will contact the individual the next business day to complete the assessment.

Member Engagement

Constituents' Voice is a person-driven group whose purpose is to advise the DWIHN President and CEO with respect to the design, delivery, implementation, and evaluation of behavioral health programs and services in Wayne County.

The group collaborates with various organizations with the goal of aligning efforts, programs, policies, and procedures to advance community inclusion for individuals with mental illness, developmental disabilities and substance use disorders.

WHO WE ARE/WHAT WE DO

Substance Use Disorders

We work with community groups, programs and Providers around prevention, treatment, and recovery services. They include:
